## ELLIS CASE GOES TO THE JURY TODAY

**Knightstown Man Tried For Manslaughter Will Know His Fate in a Short Time**

**KILLED WILLIAM HART, JR.**

**State Uses Six Witnesses During Trial, One of Them Being Ruled Out Due to Age**

The fate of Frank Ellis, Knightstown man, who has been on trial this week in the Henry circuit court charged with manslaughter, was given over to the jury at ten minutes until twelve today, and after lunch the jury began at one o'clock to ballot.

The state and defense finished up early yesterday afternoon and the state then offered several witnesses in rebuttal to the defense's testimony.

The arguments began late yesterday and continued this morning with the court instructing the jury. Ellis was being tried for killing William Hart, Jr., age 19 years, a few weeks ago near Knightstown. The two men got into a controversy and Ellis killed Hart by striking him in the head with a club.

The state used six witnesses. The testimony of Paul Hart, grandson of Mrs. William Hart, Sr., was ruled out, when it was found that he was too young to testify. The boy and his grandmother were among the eye witnesses to the killing.

The defense offered character witnesses and three witnesses were also introduced to show that Mrs. Hart's reputation for truth and veracity was not good. They were George Parker, Ora McShirley and Emery Cox. Cecil McNew, who had stopped and talked to George Jackson shortly before the controversy occurred, was the first witness for the defense.

Ernest Bradway, town marshal of Knightstown, testified that he learned of the death of the Hart boy when he went to arrest William Hart Sr., on a warrant sworn out by Ellis. The arrest was to be made for the purpose of keeping the peace. George Jackson testified that William Hart, Sr., had arrived on the scene of the struggle shortly after his son had been struck, and had with him a shot gun. He asked where Ellis had gone, Jackson stated.

Mrs. Hart and her grandson were the only witnesses who disagreed with the story of the controversy as told by Ellis, Bell and Jackson.

Prior to being ruled out as a witness, her grandson, who was also present, agreed with her version of the incident.

## LOUIS GEPHART RELEASED

**Clark Royster, However, Remains in Jail Under \$1000 Bond**

Louis Gephart was released from jail this morning on permission of Prosecutor Stevens, when Lorraine Kennedy, the prosecuting witness in the case against him, consented to a marriage. The case was filed yesterday in Squire Stech' court and Gephart was arrested in Shelbyville and brought here.

Clark Royster, merchant of Columbia, Fayette county, was still in jail today, having failed to provide the \$1,000 bond under which he was placed by Judge Sparks, after he had entered a plea of not guilty to the charge of embezzlement yesterday morning.

## DEFECTIVE FLUE BLAMED

**Fire Department Called to 432 Cottage Avenue Today**

The fire department answered a call shortly before noon today to a house at 432 Cottage Ave., occupied by George Waite. A defective flue had caused the roof to blaze around the chimney, but the fire was extinguished with a loss probably not amounting to more than \$10. The dwelling is owned by Mrs. Mary Shropshire of East Third street, and the loss is fully covered by insurance. The household goods were not damaged. The alarm was telephoned into the headquarters.

## HIGH SCHOOL BAND TO ACCOMPANY TEAM

**Rushville is Going to Milroy Tonight "Loaded"—Seats Held For Local Delegation**

**CURTAIN RAISER CANCELLED**

The Rushville high school basketball team, with 200 rooters and the newly organized high school band, will invade Milroy tonight and expects to come home winners over the high school team of that place. The band will add "pep" to the Rushville gang and a parade will be one of the features of the affair.

Rushville has not forgotten the defeat that Milroy handed them here twice last year, and if they succeed in winning tonight, it will be the first defeat on the Milroy floor for the home team in several years.

Both teams are equally as confident of winning tonight. Milroy will use their entire string of players on the reserve list and the game with the second teams of the two schools has been cancelled, making only the one big game on the floor tonight. This game will be called at eight o'clock, according to Coach McCullough of Milroy, and the doors will not open until seven o'clock. Accommodations for 175 to 200 Rushville people will be held, on account of the small capacity of the gymnasium.

## OWNS 36 MILLIGRAMS OF PRECIOUS MINERAL

**Dr. A. M. Kirkpatrick, Son of Rushville Man, Uses Radium in The Treatment of Cancer**

**LIVES IN COLUMBUS, IND.**

Dr. A. M. Kirkpatrick, a former resident of Rushville, and the son of Jesse Kirkpatrick, 832 North Willow Street, a physician now and for many years of Columbus, Ind., is among the few people in Indiana that has a collection of radium, and what little he has, is valued at \$3,300. The following from the Ledger of that city will be of interest here:

"Probably few of the 12,000 persons living in this city realize that Columbus can boast of one man, a member of the medical profession, who owns two pieces of radium. The two pieces represent a total weight of 30 milligrams, and the aggregate cost was \$3,200, although it is estimated that at present prices, this amount of the precious mineral would retail at a figure much higher than that given.

"The physician is Dr. A. M. Kirkpatrick, Saturday afternoon he received his second piece of radium which weighs 20 milligrams, and which cost \$2,200. Dr. Kirkpatrick who is the only physician between Indianapolis and Louisville who owns a quantity of the priceless mineral, uses it in the treatment of cancer, goitre and tumors.

"Dr. Kirkpatrick is a firm believer in the healing power of radium. He declares that at the present time he is treating a large number of cancer cases, and several cases have been cured, while others are rapidly being cured."

## WOULD ADMIT TWO FORMER ENEMIES

**League Commission Favors Allowing Bulgaria and Austria to Become Members**

**DENIES OTHERS ADMITTANCE**

**Excuse is Their Governments Are Not Stabilized—Demand For German Disarmament**

(By United Press)  
Geneva, Switzerland, Nov. 24.—Immediate admission of Austria and Bulgaria was recommended to the league of the nations assembly today by the commission on membership.

The commission reached favorable decision on the former enemies of the world but withheld recommendations for a number of smaller states until the conditions were stabilized and the recognition was accorded by nearby states.

Those states favored in today's report were Austria, Bulgaria, Finland, Albania and Luxemburg.

Speaking before the commission Leon Bourgeois declared France can not disarm until Germany is compelled to fulfill all conditions of the treaty.

Germany, he declared, has begun disarmament but has not yet completed it. Germany has forced her way into the league of nations discussion, he said. The whole German situation will be brought up Thursday, including Germany's protest against the distribution of her colonies, for discussion.

E. D. Millen, Australian, in an interview today, declared that it was necessary to call a show down on Germany's impudence.

Her impudence has been seen in the ending of a note threatening no longer to consider herself bound by the colonial clause of the treaty," he said. "Through the disagreement of the league's clause, she hoped to postpone the distributions of mandates over her colonies, until she becomes a member of the league."

## DUBLIN ENCOUNTERS ARE STILL FREQUENT

**Troops and Sinn Feiners Continue Street Fights and Shooting is Being Increased**

**TWO CASUALTIES REPORTED**

(By United Press)  
Dublin, Ireland, Nov. 23.—Frequent encounters between troops and bands of Sinn Feiners occurred in the streets of Dublin during the night. The sound of shooting has increased. So far there has only been two casualties reported. Two Sinn Feiners were killed after an attack on fifty military troops, it was said today.

A sentry shot them down. Three were arrested Saturday night and imprisoned in the guard house. Yesterday two of them threw hand grenades at the sentry but they failed to explode. The third grabbed a rifle the sentry had dropped and raised it to his shoulder when the sentry shot him.

Military raids have been conducted throughout the city today. A number of arrests have been made. Dublin was cut off from the rest of the world. Somewhere in the city 200 Sinn Feiners who assassinated fourteen British officials are in hiding.

**THANKSGIVING SERVICE**

The services to be held at the United Brethren church this evening at 7:30 o'clock will be in the form of Thanksgiving services instead of the regular prayer meeting. The subject will be "The Blessings We Are Thankful For". The public is cordially invited to attend these services.

**OFFICIAL BOARD TO MEET**

The regular monthly meeting of the official board of the St. Paul's M. E. church will be held tonight at 7:30 o'clock and a full attendance of the members is urged.

Mrs. Mather was 56 years old and was the widow of James Mather, who formerly resided in Milroy. Mr. Mather was trustee for four years of Anderson township. Many people of Anderson township no doubt will recall Mrs. Mather. The funeral services were held in Indianapolis Monday afternoon and burial was made in Crown Hill cemetery. Her maiden name was Olive Thompson, and she was married twice. She was prominent in the Daughters of Rebekah, who had charge of her funeral, as well as the Eastern Star organization.

## WESTERN LEADERS TO ADJUST DIFFERENCES

**Political Men Will Attempt to Fix Difficulty Between Farmers, Stock Men and Government**

**PLAN WORKING CONFERENCE**

Washington, Nov. 24.—Party lines will be obliterated and forgotten by Middle western and western house and senate leaders in an effort to remove the difficulty existing between the farmer and live stock man and the government, it was reported here today.

Informal conferences are being planned among republicans and democrat senators from the western states. It is also planned to hold informal conference of senators and farmers from all western states as soon as the December session begins, Senator Hitchcock, Nebraska, said today.

At this conference a working program will be mapped out if possible for concentrated action between the senate and farmer and live stock men of the states regardless of party interests.

## 'STUNT' PROGRAM NETS SCHOOL \$138

**Entertainment For Benefit of New Band Tuesday Night is Attended by Large Crowd**

**LOCAL HITS PLEASE PEOPLE**

**Exceedingly Clever and Original Stunts Reflect Credit on Performers and Trainers**

"High School Stunts," an entertainment by the Rushville high school for the benefit of the high school band, was given at the Graham Annex Auditorium last night to a large house. The "show" was a real one, showing exceedingly clever and original stunts. On every hand were expressions of praise for the directors and performers.

The entertainment netted approximately \$138 which will be used in equipping the new band.

The first part of the show was called Vinegar's Vandeville Agency conducted by Valentine Vinegar (Margaret Fischer) Valentine's daughter. This agency had "try-outs" for the would-be performers on the stage. First to appear for places on Keith's Circuit were, Rastus, a Porter (Paul M. Spivey) Eph, the Janitor, (Wm. Pugh) and George Washington, Elevator Man, (Wallace Beer). After cracking some delightfully pleasant jokes, George Washington, performs with great gusto and sweetness on the saxophone.

Wm. Pugh as "Eph" showed that he is the son and successor of Rushville's renowned entertainer Jess Pugh by singing with melody a vocal solo. Paul M. Spivey as Rastus gave a whistling solo which was one of the fine hits of the evening displaying a remarkable ability as a whistling soloist. Two hearty encores showed how well pleased the audience was with the whistler.

The next applicant for a position was Beatrice Bang (Benda Kinsinger) who played so exceedingly correct the most difficult classical numbers on the piano that she was immediately hired by Valentine Vinegar.

Tootsie (Reba Beale) as a child elocutionist rivalled Alice Schrode in her child dialect. Gona Sing (Magdalena Arbuckle) won a place on the list of "talent" by singing in a sweet lyric voice a charming selection. She responded with the popular music box song "A Young Man's Fancy" and was well rewarded by being engaged at once.

Jazzie Ragg (Lillian Priest) gave one of the clever hits by playing in "seven different languages" a well known selection. Her work was original and captivated the managed of the agency.

The Scotch Laddies—Carroll Nipp, Horace Pearsey, Orlestus Grunden, and John Davis, dressed in appropriate Scotch costumes rendered some excellent numbers which were such that displayed a male quartet of no mean ability. The Scotch Lassies—Martha Fanning, Rowena Kennedy, Laura Jordan, Florence Fleehart and Helen Gray in their pretty costumes executed the Highland Fling in a most artistic manner. The Scotch Troupe was given a high rating by the manager and also by the audience who heard them.

The Chorus Girls (?) Harold Miller, Charles Priest, William Sparks, Mervin Alexander and Floyd Roth gave a burlesque that was cleverly done and highly appreciated. Prof. Fiddlestick (Emerson Headlee) charmed the audience by his violin that played without any effort (?) on his part. The eight nuts, dressed to suit their names were a scream. They were, "Golduh Stubbins" (Magdalen Arbuckle) "Toots" (Lillian Priest), "Tawney Apple" (Margaret Britt), "Sis Hopkins" (Margaret Britt), "Larry Lemon" (John Davis), "The Prisoner" (Howard Eakins), "Boob McNutt" (Orlestus Grunden) "Charlie Chaplin" (Carroll Nipp).

Orlando Overtone (Horace Pearsey) as Snoops the lawyer gave a clever song and monologue.

Hon. I Will Paine You (Eugene Kelley) gave a sample of the won-

### AMUSEMENTS

#### Shows Greenwich Village Life

Greenwich Village life as it really exists is the background for "A Woman Who Understood", with Bessie Barriscale in the leading role, which is at the Mystic today. Madge Graham opens a tea room in the "village" to help support herself while pursuing her study of sculpturing. She becomes attached to a young musician in the neighborhood, whose life she saved, and they finally engage in a "village marriage". Two babies come to the home and the husband grows neglectful, apparently having become interested in a wealthy pupil named Mrs. Alden.

The latter is a selfish, narrow-minded woman, bored with her very worthy husband, and seeking "someone who understands her". Such a man she thinks she has found in the young musician, or at least so she tells him. But in the big crisis when he sorely needs the devotion and sacrifice of a woman she does not rise to the occasion. It is the wife who gloriously proves herself.

#### Carry Thanksgiving Cheer.

Carry a little Thanksgiving cheer into some home less fortunate than your own between now and Thanksgiving. Besides the circle of relatives and intimate friends who are to be your guests on Thanksgiving, invite some lonely girl, too far from home to think of returning to the family festival. Make a happy Thanksgiving for others and you will not lack gladness.

#### Oblong Trees.

In the school of forestry, at Cambridge, there exists a wonderful specimen of an oblong tree. The trunk is about 30 by 2 inches. Its curious shape is due to no more than a little bruise or two which persuaded it to grow in one direction and not at all in any other. Other discoveries and experiments prove that an artistic bruise—it may be no more violent than strong pressure with the finger tips—can make a tree expand in a desired direction.

### "STUNT" PROGRAM NETS SCHOOL \$138

Continued from Page One

derful lecture which he has prepared for the American platform. His remarks were original and full of local hits.

Tommy Green (Lavienna Compton) as a little boy gave a splendid reading and retained her high rank as a monologue entertainer.

The Pierette Sextette—Mildred Snider, Dorothy Wheeler, Katherine Blount, Marian Lucas, Margaret Guffin, Mildred Duncan—in their Pierette costumes of ruffs, hats and rosettes, gave a pretty exhibition of fancy dances and songs.

Part II—"The Fairy and the Witch," was a beautiful pantomime of the good and bad fairies and the overcoming of the bad fairies by the good fairies. The caste was as follows:

The Witch (Alice Montgomery), The Fairy (Frances Payne), Fairies—(Katherine Blount, Marian Kin-singer, Dorothy Wheeler, Katherine Haydon, Jean Herkless, Mildred Retherford). Gnomes (Wilbur Welter, Arthur Walker).

In part III the R. H. S. Band was a surprise and a delight to everyone. Principal A. M. Taylor as organizer and leader has developed in a remarkably short time a band that played a number of popular pieces in a fine manner. The members of the band are as follows:

A. M. Taylor, M. E. Cook, Horace Pearsey, Robert Gantner, Wayne Newman, Fred Lucas, Wade Dill, John Kelley and Wallace Beer.

The fund raised by this entertainment will be used to complete payment on some of the instruments and to buy two or three more. A band for a high school is an organization that will give splendid training for the members, and enthrall the caste accompanied by the band made a school stunt that was universally liked and complimented.

© The E. W. Rose Co., Cleveland, O.

Prof. Taylor is to be complimented on the organization of the Band. The Booster Club of the R. H. S. should be appreciated for the fact that they used the funds they had on hands for the band and that they suggested the entertainment for further funds.

Mrs. Mary M. Glessner was general manager of the entertainment and joint author with Miss Vivian Harris of the minstrel show. Miss Grace Whitsel was responsible for the arrangement and training of

the Scotch part of the program. Mrs. Laverne Davis Farthing besides being financial manager and business manager trained and costumed the Eight Nuts. Miss Harris arranged and trained the Fairies.

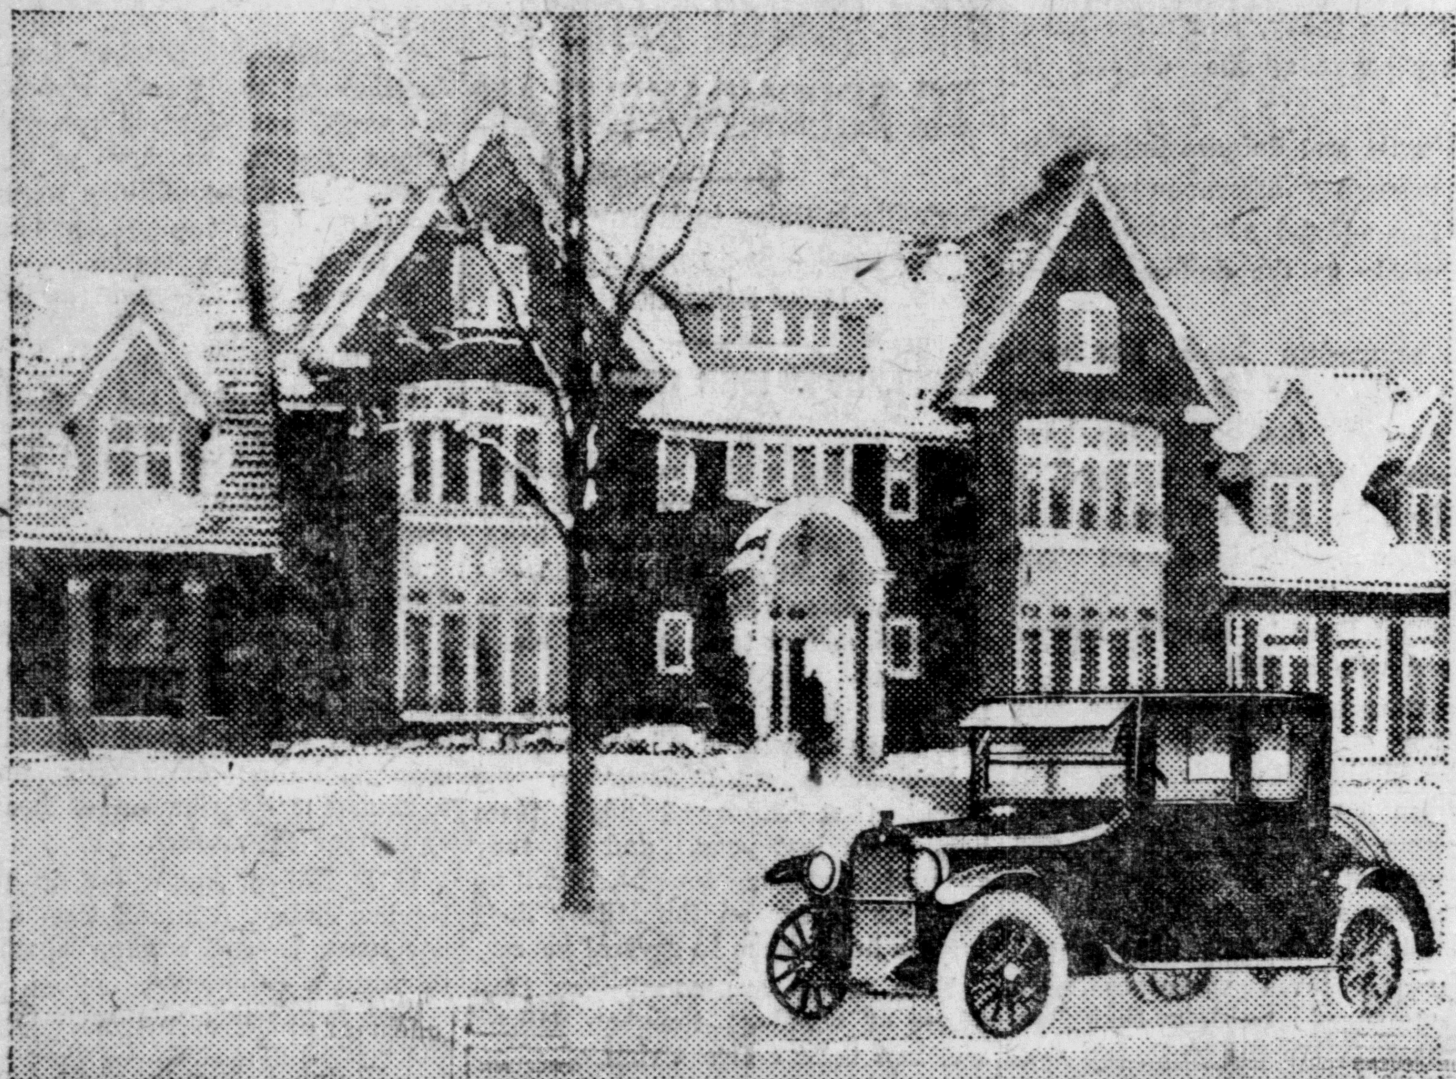

The whole school was united in the affair and the satisfaction that comes from a performance well done and successful has only added another laurel to the Rushville High School, for the show displayed that the school possesses remarkable talent in many lines.

**Rag Dolls**

Every Christmas the rag doll makes its appearance. There are rag dolls of high and low degree. Two high-class little persons are shown in the picture. These are made of heavy domestic cut by a paper pattern which can be bought. Their faces are painted with water colors, their hair made of yarn, and they are completely dressed with clothes that afford the joy of taking them off and putting them on. Even their slippers may be made of black oil cloth. One of these baby dolls is supposed to be a boy and he has a pair of rompers instead of a dress under his coat.

"Pape's Cold Compound" then breaks up a cold in a few hours

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery. The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

The original exponents of spiritualism are found among the tribes living about the headwaters of the Amazon. Books are delightful society. If you go into a room filled with books—even without taking them down from their shelves, they seem to speak to you, seem to welcome you, seem to tell you that they have something inside their covers that will be good for you, and that they are willing and desirous to impart to you. Value them, and endeavor to turn them to account.—W. E. Gladstone.

If you are afflicted with any form of skin disorder, you are well acquainted with the flaming, burning itching that these diseases produce. Skin diseases are caused by an impurity or disorder in the blood, and there is no real and genuine relief within your reach until such impurities are removed. S.S.S. has given great satisfaction in the treatment of these disorders, because it is such a thoroughly satisfactory blood purifier. It cleanses the blood of all impurities, and thus counteracts the effects of the germs that attack the skin. The Natural Consequence

When the people of the United States took advantage of the war situation to go into the profiteering game they neglected to take one all-important precaution.

They failed to look beyond the golden hue of their own noses. As a result of this profiteering craze the cost of everything we produce is sky high, because all labor and materials used have been boosted to the limit of boostibility. Here is the aftermath.

American manufacturers want to ship their goods abroad, but they find the foreign markets in many

cases practically closed to them, because foreign made goods are sold for less than we can make them.

Thus we are deprived of much of our foreign trade, and factories are discharging thousands of their employees. Some are shutting down entirely.

Then again, American manufacturers are up against the dumping of foreign made goods into this country for less than we can produce them here. If this condition prevails in future to any considerable extent more millions will be walking the streets in search of employment.

So much for our era of assinine profiteering and price boosting.

But when we listen to the piper we must expect to pay for his music.

England is importing raw materials from the United States and is selling finished products in Europe at prices below those of this country, thus building up a solid foundation for the future trade of that section of the world.

This fact alone shows the imperative necessity for a readjustment of price conditions in all of our manufactures and trade.

High prices and empty stomachs are not a condition to be greatly desired.

The people of the United States apparently realized what might be expected with the continuation of the government free trade policy, and turned to Warren G. Harding and the republican party which has always stood for a protective tariff that prevents the very condition which would overwhelm this country if it were not for the fact that after March 4, the United States will return to the policy which has been the foundation stone of the republican party and has been the chief line of demarcation between the two leading parties.

It was fortunate that the voters had the good judgment to vote for a party which believes in a safe protective policy because it is the only cure for the conditions which are bound to arise after the war, with a free trade policy in force.

If we could only look ahead and see the trials and tribulations in store for us we might be able to shunt them off onto the other fellow, but that would not be treating the other fellow right.

It's no trouble at all to earn a hundred percent on an investment.

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.

We, however, never laugh at some people's jokes. But that is not our fault.

An old man with a young wife is often like a kid with a toy balloon. He's happy until it blows away.

No, we have no humor to dispense on the subject of high prices this week. It evaporates every time we pay a bill.

Where's that bird who was around predicting an early winter? We want to congratulate him on what he doesn't know.

Some people are never able to see the beam in their own eyes. But that probably is due to the fact that it obscures the sight.

TELLING IT TO THE JUDGE IS OFTEN FUNNY

His Honor hears many sad tales of woe in court but now and then some humor "springs up" to relieve the monotony of serious routine. Such occasional outbursts of funny comment attract smiles even from those people who have to "tell it to the judge." In theatres throughout our United States, audiences have enthused over the witty wordings about judges and their cases presented on the motion picture screen in "Topics of the Day" films. The following pungent paragraphs are offered herewith.

"Well, well, that's a frightful case. What made you marry 14 wives?" asked the judge. "Well, your honor, I didn't like the number 13."

Badly Fitted Glasses are Useless

Even though the lenses may be exactly made for your defect of vision, the effect is spoiled if the frames are badly fitted.

A badly fitted bridge causes the lenses to be away from their correct position, with the result that vision is distorted. Also glasses of wrong width between the center of the lenses causes distorted vision.

We are very careful and accurate with our measurements. Also after the frame is made it is checked and counter-checked—and that is why we can guarantee a perfect fitting.

### PITT AND PENN STATE TO PLAY THANKSGIVING

To Clash Not Only For Championship of Pennsylvania But Title of Eastern Champion

BETTING ODDS ABOUT EVEN

Pittsburgh, Nov. 24—When Penn State and Pitt clash tomorrow, they will be playing not only for the football championship of Pennsylvania, but the winner will claim the title of eastern champion. Penn State has been claiming the honor for the past fortnight and judging by comparative scores, Pitt shapes up as a logical contender for the same laurels.

Already the hotels are jammed with football enthusiasts, here for the big game. Nearly all of Forbes Field's 30,000 seats are sold and "SRO" will be at a premium when the teams line up for the kick-off.

With teamwork perfect, it looks like individual stars may decide the result. Remembering Tom Davies' sensational 90-yard dash from kick-off in the Pitt-Penn game, State's watchword will be "Look out for Davies," while Pop Warner has drilled Pitt to "clear the way for Tommy." With Harman at left tackle and quarterback Tommy Holeran in the game Pitt's offensive should be at its best.

Penn State's stars will be watched closely for the feared State forward passes and brilliant runs. Hugo Bezdek's boys have a disconcerting way of pulling off long runs that keeps their opponents taut

every minute of play—witness right halfback Charlie Way's 57 yards against Nebraska and left halfback Haines 80 yards in the Penn game. Captain Hess at right guard and Killinger at quarter are the respective pivots of a stellar defense and offense. Betting odds are about even all conceding a close score.

### COME FROM BEHIND AND WIN

Carthage Independents Defeat Fairview Tuesday Night, 19 to 13

The Carthage independent basketball team defeated Fairview Tuesday night at Fairview, 19 to 13, coming from behind during the last few minutes of play with a wonderful burst of speed and caging several field goals. The game was exceptionally rough, neither side scoring during the first ten minutes, and score at the end of the half was only 5 to 2 in favor of Fairview.

D. Winslow and Florea were at forward positions for Carthage, Chambers at center and Alexander and Coffin played guards. Carthage plays Spiceland at Spiceland Monday night and the local independents here Dec. 7.

Purpose is to Emphasize Importance of Education From Standpoint of Statesmanship

Washington, Nov. 24—The citizens' regional conference on Education, for the States of Illinois, Indiana, Ohio, Michigan and Wisconsin, will hold its opening session, Monday, November 29, at the La Salle hotel, Chicago, Ill. The purpose of the conference, which is the first in a series of twelve regional conferences to be held throughout the United States, is to emphasize the importance of education from the standpoint of statesmanship and the public welfare, and from the standpoint of the citizens who own, support, and use the schools rather than from that of the teachers who work out plans of organization and methods of instruction.

Morning, afternoon and evening sessions will be held. The first thirty minutes of the morning session will be devoted to a statement of contemplated legislation in each of the States of the conference group. Six minutes will be assigned to each state. Francis G. Blair, State Superintendent of Public Instruction of Illinois; L. W. Hines, States Superintendent of Public Instruction of Indiana; Thomas E. Johnson, State Superintendent of Public Instruction of Michigan; Vernon M. Riegel, State Superintendent of Public Instruction of Ohio, and C. P. Cary, State Superintendent of Public Instruction of Wisconsin, have been invited to speak on the most important piece of legislation contemplated in their respective states.

Governor Lowden has been asked to extend a welcome to the conference. Invitations to attend the conference and take part in its sessions have been extended to the governors of Ohio, Indiana, Michigan, and Wisconsin.

The sessions of the conference will be in the nature of round table discussions. Among the topics scheduled are:—The relation of education to the success of the business man; the relation of education to the improvement of agriculture; the more vital needs of city schools in the States of the conference group; the city's interest in the education of people in rural communities; what chambers of commerce and other civic bodies may do to promote education and to assist in securing better support for schools; the relation of education to agricultural program and production; the problem of larger State aid for education, and the reason for it, with special application to the States included in the conference; the newer demands upon colleges and universities, and the need for larger appropriations; the particular needs of the private denominational and endowed institutions; the relation of education to industry and commerce

Those enjoying the affair were Mr. and Mrs. Walter Clark, Mr. and Mrs. Oscar Martin and family of Liberty, Mr. and Mrs. Fred Martin and family, Mr. and Mrs. Orville Martin and family and Mr. and Mrs. Thomas Martin.

Mrs. J. T. Arbuckle, assisted by Mrs. Louis Neutzelhelzer and Mrs. Janet Carr, delightfully entertained the members of the Band of Workers of the First Presbyterian church yesterday afternoon at her home in East Seventh street. A large attendance was present for the meeting, which was enjoyed with an informal social party. At the close of the afternoon delicious refreshments were served.

The engagement of Miss Margaret Walters of Clarksburg and Harry J. Hackman of Dayton, Ohio, formerly of this city has been announced and the wedding will take place Saturday morning at nine o'clock at the St. Mary's Catholic church in Greensburg. Following the ceremony Saturday a wedding breakfast will be served at the bride's home in Clarksburg. The bride-elect is the daughter of Mrs. Martha Walters of Clarksburg, a graduate of the Clarksburg high school and since her graduation has assisted her mother who has charge of the telephone exchange at Clarksburg. Mr. Hackman is the son of Mr. and Mrs. Harry G. Hackman, former residents of this city, who before their removal to Dayton, Ohio about three years ago, were proprietors of the Beehive Clothing store here.

A pretty home wedding was solemnized this afternoon at two o'clock at the home of Mrs. R. W. Cox in North Morgan street, when her daughter, Miss Marjory Cox, was united in marriage to Clifford Gottman of this city. The ceremony was marked by its simplicity and only the immediate relatives were present to witness the wedding. The Rev. Clyde S. Black, pastor of the St. Paul's M. E. church, officiated.

The bridal couple left this afternoon for Cincinnati on a wedding trip after which they will be at home to their many friends in this city. The bridegroom is employed in the office of the Charles E. ### KEEP THE NECK YOUNG

AGE shows itself in so many places, that the woman who seeks to keep young in spite of increasing years, must do more than massage her face, to preserve her youthful appearance. She must keep her neck young, as well as her face, for a flabby-lined throat will give away all the years the well-cared-for face might hide.

And here massage is excellent, provided it is gently given. The neck should be massaged with flesh-building cream, for as age comes on, the supply of natural oils diminishes in the glands beneath the surface of the skin. This means a drying of the skin, a weakening of the muscles, inasmuch as these oils have been continuously repairing the natural breaking down of all fleshy matter. The cream will help to take the place of these oils.

INDIANA BUSINESS MAN NOW PRAISES TANLAC

Jos. Kennedy Says It Freed Him of Rheumatism And Stomach Trouble After Everything Else Had Failed.

"I believe in giving everything its due and I want to say right now that I just can't praise Tanlac too highly for what it has done for me," said Joseph F. Kennedy, the well known cigar dealer of 664 North Center street, Terre Haute, Ind.

"For the past three years I hardly had a well day on account of my stomach, kidneys and rheumatism. My food just seemed to lodge right in the pit of my stomach and remain there like a lump of lead. I would bloat terribly and have pains that fairly doubled me up.

"My kidneys bothered me nearly all the time and my back pained me so it was an effort for me to bend over and straighten up. My head ached fearfully and if I stooped over I got dizzy and faint.

"I also suffered with rheumatism in my arms and legs so bad I could not even wait on my customers or look after the store. At times I couldn't even put on my overcoat. I

had tried nearly everything but got no results, and my prospects of getting rid of my troubles were not very bright.

"But one day I read a statement from a man who had been relieved of troubles like mine by taking Tanlac, so I immediately bought a bottle and I finished taking it feeling considerably improved.

"I have taken five bottles of Tanlac now and my stomach is in such splendid condition that I can eat just anything and never feel a touch of indigestion. The pains have all disappeared from my back and my kidneys no longer bother me.

"My business is a pleasure to me now, for I am no longer troubled with headaches, dizziness or rheumatism. In fact, my improvement has been so marked that many of my friends have asked me what has brought about the change, and I don't hesitate to tell them that it's all due to Tanlac."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

## A Suite of Rare and Pleasing Design

THERE is an individuality about this suite that is lacking in so much of the furniture  
manufactured today. It is a Hepplewhite design, conceded among furniture ex-  
perts to be one of the best interpretations of the chaste delicacy of the famous master  
designer.

This suite consists of eight pieces: a dresser, vanity dresser, chifforobe, bed, writing desk,  
chair, bench, and night stand, and a complete suite or individual pieces may be purchased.  
It is impossible to convey through picture and words the beauty of this suite. To see it is  
the only proper way of appreciation. It is on display in our show rooms.

## COAL COMMISSION MAY BE ABOLISHED

It is Not Thought Likely That Legislature Will Retain Coal and Food Administration

### WAS EMERGENCY BUREAU

Indianapolis, Ind. Nov. 24—The life of the Indiana experiment in state control of prices and distribution of coal is not expected to be prolonged by the regular session of the legislature after March 31. Friends of the special coal and food commission indicated today that no effort will be made to have the legislature, which meets in January, to continue in effect the coal law.

Governor-elect Warren T. McCray said that he will not make any recommendations as to what action the legislature should take on the coal law.

The law, which created the special commission, provides that the law shall pass out of existence March 31 unless it be continued by action of the special legislature.

## Amusements

**"His Honor Abe Potash" at Murat**

A. H. Woods will present at the Shubert-Murat Theatre Indianapolis, for one week commencing November 29th, the well known Barney Barnard in the latest comedy success, "His Honor Abe Potash".

It is by those well known authors Montague Glass and Jules Eckert Goodman, who were likewise responsible for the three former successes, "Potash and Purlmutter," "Potash and Purlmutter" in Society, and "Business Before Pleasure".

The fourth play in the quartet, as such it may be called, dispenses with the jovial Perlmutter, and its predecessors, having led the shrewd of the cloak and suit trade, and the Jewish merchant through the mazes of Movies, it is only fitting that his present vehicle should launch him in politics.

For "His Honor, Abe Potash," if you please, is made Mayor of the City of Mamasue, N. Y. by a tricky gang of politicians, but he is so honest that he foils their designs to rob the city through his connivance, even though his sons seems to be a thief, and is only freed from suspicion through his father's knowledge of the rubber stamp business. It being made plain early in the play that his start in the business life of Mamasue, was as a rubber stamp peddler.

Mr. Barnard first became popular with comedy lovers in the play "Potash and Purlmutter" which was written by the same authors.

**Bebe Daniel at the Princess**

The potency of fine raiment in the marriage campaign is the main theme of the amusing comedy, "You Never Can Tell", which comes to the Princess Theatre in this city today. Miss Bebe Daniels, already well known to screen followers, is the star of the piece, this being her first stellar effort for Realart. She has the role of a poor but pretty check-room girl in a fashionable New York hotel, where she is constantly handling the gorgeous wraps of more fortunate, though often less beautiful women. Secret tryings-on of some of the fine apparel left in her charge convince her that fine feathers would make her as fine a bird as any of the wealthy patrons of the hostelry. She decides that she must get herself some smart clothes at any cost and through their agency make a rich marriage for herself.

Fortune seems to smile on her mercenary plan, for she is noticed by a French costumer who comes to give a fashion show at the hotel and hires her for one of his mannequins. Then, for one brief hour, the humble little worker struts and prances in gorgeous gowns and wraps galore. Only one little hour is hers, but what she accomplishes in the conquest line in that space, puts Cinderella's achievement quite in the shade, for it is recorded that the lady of the fairy tale captured the heart of only one prince, while our little check-room heroine found herself with two ardent admirers on her inexperienced hands.

### WABASH-MARQUETTE CLASH ON THURSDAY

Indiana Team Expects to Close Season With Victory Over Irish College of Wisconsin

IT WILL BE A HARD BATTLE

Indianapolis, Ind., Nov. 24—Wabash expects to put a climax on her successful 1920 season by whipping the famous Irish Catholic team from Marquette University. Marquette has been able to come away with a long end of scores in two former battles with Wabash. In 1917 Marquette took the Scarlet team to camp with a score of 21 to 0 and repeated the dose in 1919 with a tune of 13 to 0.

Although records from Milwaukee indicate that Marquette is stronger than ever this year, Coach Vaughan expects to show Indianapolis fans another Hoosier victory at Washington Park on Turkey Day.

Wabash has always been a school that starts with a mediocre team that first of the season and ends up in a championship form.

Marquette has beaten Carroll College 31 to 0, Rippon College 23 to 9, Kalamazoo College 46 to 7, Creighton University 13 to 0 and St. Louis university 49 to 14. Marquette is banking heavy on Claude-Taughler, big full back on the Catholic eleven, to raise havoc with the Wabash lines. Taughler plays in back field coupled with fine open field running and digging Langoff and Cronin would account for much ground in Marquette's favor.

Arrangements for the game are in the hands of the Wabash Alumni Board of which Will Diddle is chairman.

A reception committee composed of Indiana Marquette Alumni will

take care of the Marquette team which will arrive on a special sleeper with their band Wednesday evening.

## ELLIS ACQUITTED ON THIRD BALLOT

**Knightstown Man is Found Not Guilty of Manslaughter on Wm. Hart, Jr., Age 19.**

**JURY OUT HOUR, 20 MINUTES**

**Court Room Crowd Cheers Verdict and Ellis Remarks That it Will be a Real Thanksgiving.**

Frank Ellis was found not guilty of manslaughter in the killing of William Hart, Jr., 19-year-old Knightstown youth, by a jury in the circuit court at 2:30 o'clock yesterday afternoon at Newcastle. The jurors concurred in their verdict on the third ballot, after deliberating only an hour and twenty minutes.

When the jury's verdict was announced to the court, it was greeted with cheers and applause. Ellis sat with his wife and two children, confident, yet anxious. After the verdict had been announced his relatives, including three sets of twin brothers, crowded around him.

"We'll have a real Thanksgiving at our house now," Ellis said a few minutes later.

The case took three days and was given over to the jury yesterday shortly before noon. They did not ballot until 1:10 following their dinner, and the verdict was reached at 2:30. John A. Tittsworth of this city and Floyd Newby of Knightstown, were the attorneys for Ellis.

In his instructions, Judge Gause reminded the jurors that a preponderance of the evidence should show that Ellis was guilty of all the charges made against him in the grand jury indictment. There should be no reasonable doubt in the minds of the members of the jury as to guilt if conviction was to be returned, he said.

Some rather queer coincidents developed during the trial of the case, among them being the fact that the Hart boy's grandfather met death in the same manner as himself—by a blow over the head with a club.

The grandfather, Hart was killed in a struggle with a man by the name of Jeffries on the Poor Farm hill, northwest of Newcastle. The struggle occurred when the two men met there and re-opened an old controversy. Jeffries struck the elder Hart over the head with a stick out of a wook rack and he died from the effects of the blow.

Jeffries was placed on trial in the Henry circuit court charged with murder and was convicted and sent to the Indiana state penitentiary.

It was also brought to light at the trial that William Hart, Sr., father of the dead boy is in a critical condition, suffering with cancer of the bowels. He had gone to Mayo Brothers hospital at Rochester, Minn., shortly before his son was killed but was told there that nothing could be done for him.

Another case of manslaughter during the trial was narrowly averted when no one happened to be very close to the witness stand. Roy Bell was on the stand and was being questioned about the killing of Hart.

"Just show the jury how Ellis struck the blow," said Prosecutor Brown, handing Bell the club, which is four feet long and several inches in diameter.

Bell stood up with the club in his hand and looked around questioningly. Finally he said,

"But I ain't got no man here to hit."

## FARMER DIED WHILE WORKING IN STABLE

**Jacob Woliung of Near Homer Dropped Dead After Telling About Shocking 16 Acres of Corn.**

**LEAVES WIDOW, 4 DAUGHTERS**

Funeral services will be held in the morning at nine o'clock for Jacob Woliung, Walker township farmer who died suddenly yesterday morning at his home near Homer. The services will be held at the late residence, and burial will be made in the Sunman cemetery, near Arlington. Mr. Woliung and Henry Willey were engaged in working in a barn at the Woliung home yesterday morning, when Mr. Woliung dropped dead.

He was 65 years old, and death was probably caused from heart trouble, although he had been in good health, and only this week had shocked 16 acres of corn. He had just finished talking about the work in the corn field, when he fell over dead.

Mr. Woliung was a prominent farmer of that neighborhood, and is survived by a widow, four daughters, three brothers and one sister.

County Coroner J. M. Lee has not rendered a verdict on his death, but it will more than likely be heart failure.

## NO CELEBRATION IN CHICAGO UNDER-WORLD

**Thanksgiving Day Passed Without Usual Unlawfulness Due to The Continued Raids**

**CRIMINALS WATCHED CLOSELY**

(By United Press)  
Chicago, Ill., Nov. 25.—Thanksgiving day was merely Nov. 25 for a large part of the Chicago underworld.

With Charles Fitzmorris, Chicago's new chief of police following closely on the trail of gamblers and gunmen, and Judge Landis, after the bootleggers, the outlook was bad for the city's criminals.

More than 1,000 men have been taken within the last five days in the police drives against gamblers and other criminals. Squads swept through the "bad land" of the west side, the "black belt" of the south side and entered Camoria—"Little Hell," the Italian district, late last night and early today picking up all gamblers and suspected criminals.

The dives were crowded in most instances due to the coming holiday. Scores were arrested. As most of the courts were closed today those arrested were forced to stay in jail until Friday.

## THREE LICENSES ISSUED

The following marriage licenses were issued late yesterday afternoon: Earle E. Osborn, city clerk, and Gladys Bebout, daughter of Mr. and Mrs. Russell Bebout; Ivan L. Bever, a farmer, and Lillian M. Houchins, daughter of Mr. and Mrs. E. O. Houchins. W. Donald Porter, a Rush county farmer and Ida Redden, daughter of Mr. and Mrs. Horace Redden of this county.

### Thanksgiving Time

When brimming barns reward the work-filled year,  
When fuel-piles and bins bring indoor cheer,  
When life and health have clung to those we love,  
The normal human heart will look above  
And thank a blessed Source for what He sends  
In basket, store and intercourse with friends.  
When through another year our nation's soul  
Has triumphed though the war-waves madly roll;  
When in our lives still live the patriot fires  
To fan the which each loyal heart aspires;  
When we all unashamed can face the world  
And Stars and Stripes unblemished are unfurled—  
Then and then always shall we deem it meet  
To send aloft a prayer as incense sweet  
For grateful hearts to feel and tongues to say  
Feelings and words that fit Thanksgiving Day.  
Sing on! God's goodness never can be told—  
"The good die young," for good cannot grow old!  
L'Envoi  
(A has the Scroog-like soul with accents gruff  
Who sees our theme and grimly sneers "Old Stuff."

## ASSEMBLY HOLDS OUT TO THE U.S.

**Reported That Sen. McCormick Will Visit Assembly as Emissary of Senator Harding**

**U. S. HOLDS INFLUENCE**

**Assembly Delays Action on Many Things, Hoping U. S. Might Enter the Meeting**

(By United Press)  
Geneva, Switzerland, Nov. 25.—Reports that Senator McGill McCormick is coming to Europe as an emissary of President-elect Warren G. Harding to make plans for organization of a new association of nations caused deepest interest at the meeting of the league of nations assembly here today.

Although there was no official discussion of the report, the wish was expressed by many delegates that McCormick might arrive here in time to be present at the session of the assembly.

Meanwhile the United States continues to exert great influence over the deliberations of the assembly. The United States was taken into consideration in making every decision.

During the discussion of steps to aid Armenia, Arthur Balfour, British delegate, sought to secure a postponement in hopes that the United States eventually would intercede with material and financial aid in behalf of Armenia.

The French representative sought to defer action on Armenia in the council for the same reason.

The question of disarmament was passed over virtually without action because Japan, Great Britain and France privately refused to consider reduction in their armies and navies unless the United States also reduced its armaments.

## PRESIDENT EATS TURKEY

**White House Table is Well Filled and Presents Are Numerous**

(By United Press)  
Washington, Nov. 25.—Among the goodies which decorated the table of President Wilson on Thanksgiving were many presents received from over the country. One of the two turkeys were served today. Other presents included apples from Oregon and Maryland; peanuts from Louisiana; great bunches of celery and dozens of other packages.

Miss Bridget Kelly entertained with a Thanksgiving dinner party today at noon at her home in North Sexton street. Covers were laid for the Misses Agnes Walsh and Mary and Dorothy Fort of Greenfield, Mr. and Mrs. Tom Cauley and family and Miss Margaret Carroll.

## WILL HOLD EXCHANGE

The Industrial Club will hold an exchange and bazaar in Belle O-sand's Millinery store Saturday. The public is invited.

## LOWER PRICES NEXT MONTH

**Live Stock Drop Points Way For Other Price Cutting.**

(By United Press)  
Chicago, Ill., Nov. 25.—Consumers can pay lower prices during the next month, in accordance with the cut in live stock markets, Chicago packers admitted today. They stated that a drop from \$23 to \$10.50 in the hog market would permit lower prices and similar reductions in other commodities would indicate a cut in meat prices. The reductions in prices will be a benefit to the retailers, it was stated. Retail meat prices have started downward, a research distributor of the Armour and Company Packers declared today.

## MOST BUSINESS IS SUSPENDED TODAY

**Banks, Business Houses and Post-Office Observe Holiday and Day Passes Quietly**

**CHURCH SERVICES ARE HELD**

Thanksgiving Day passed quietly in Rushville, with most of the business houses suspending for the entire day. Family dinners and the usual traffic on railroads was notice here. The union church services were held this morning at the M. E. church, and aside from this, there was to be no celebration of the day.

Inmates at the county poor farm were treated today at noon with a turkey dinner, and prisoners in the jail were given extra helpings of gravy, potatoes and opossom.

The usual Thanksgiving dance will be given tonight at the K. of P. hall for the members and invited guests. Banks and offices in the court house were closed all day, and with a very few exceptions, all stores were closed throughout the day.

The postoffice observed holiday rules, and the rural route carriers did not go out today, although the city carriers made the usual morning trip. The windows at the office closed at ten o'clock.

The city schools also closed last night for the remainder of the week.

## CHARGES AN ATTEMPT TO BLOW UP DOCKS

**Sir Greenwood in House of Commons Lays Sinn Feiners Plot Before the Meeting**

**IRISH LEADERS DENY IT**

London, Nov. 25.—All Britain was startled today by the charge made by Sir Hamar Greenwood, chief secretary for Ireland, that the Sinn Feiners had plotted to blow up the Liverpool docks and the Manchester Power and Water Plant.

Greenwood's assertions made during a debate in the House of Commons was hotly denied by Irish leaders. Irish members declared the charges were false and that they were made to discredit the Sinn Feiners.

Britain is on the alert for the Sinn Fein uprising despite the fact that the war between the Sinn Feiners and crown forces in England is being fought out by secret service agents of the invisible government of Ireland and King George.

So far the king's secret service agents have had the best of it as they have been able to prevent and expose the warlike steps planned by the Sinn Feiners. But it is not known, however, when the Sinn Feiners may be able to carry out the charges made by Greenwood.

The government's attitude toward Ireland was upheld in the House of Commons yesterday.

## BAND SCORES A HIT.

The high school band made its first appearance last night, when they accompanied the team to Milroy. The band played in good form, and although they did not get to see the basketball game, they assisted in accompanying the high school songs. The band made quite a hit.

## MILROY WINS IN LAST 7 MINUTES

**Rushville High School Basketball Team Has Score Tied 19 to 19 and Milroy Edges Away**

**FINAL SCORE 35 TO 19**

**Locals Handicapped by Dinky Floor and Fans Disgusted Because of Lack of Room**

The Milroy high school basketball team copped the first game last night on the floor at Milroy, by the score of 35 to 19. The score doesn't indicate the kind of a game that was played, as Milroy won the game in the last seven minutes of play.

Rushville was not outclassed, but showed their lack of knowledge of a small, cement floor, low ceiling, "piano box" gymnasium. Neither team had a chance to use team work but in the intervening gaps, Milroy made good on their tactics which could only be used on their home floor.

The Rushville team should be complimented on playing the game that was played. Fans who accompanied the team, were not surprised to see that the Arlington team had been swamped 98 to 15 the week before, and it is no surprise to hear of a good team getting walloped under such surroundings.

Milroy, it is conceded has a good blamed for the poor playing floor, but Rushville managers should be censured for taking a team into such a hole, having known the conditions under which the team would be compelled to play.

Milroy scored first last night with a field goal, and then Eakins threw a foul goal. After that Milroy counted up six points, while Rushville had the lone counter. When the first half was about half gone, the score stood 10 to 6 in favor of Milroy, and enthusiasm was at a high pitch. Then the score jumped to 11 to 8, and when the first half ended it was 17 to 12.

In the second half Rushville came back determined to win the game, and for the first ten minutes they gradually climbed upon Milroy until the score stood 19 to 19. At no time in the game was the suspense and excitement as high as it was when the score was tied for a few minutes.

Milroy then took advantage of the iron pipes in the ceiling and the rafters and the ball began to slide into the net from all angles of the floor. Rushville was held scoreless for the last seven minutes, while Milroy piled up the score to 35 points, leaving Rushville with the 19 points.

Not a moment in the game did either side slow down, and practically all shots made were of long range, it being impossible to stage any kind of team work.

Rushville people were turned away last night, and at six-thirty the seating and standing capacity was packed to its limit, contrary to the statement sent here that the doors would not be open until seven o'clock. The place reserved for Rushville was about half filled with Milroy rooters and over 100 Rushville were turned away.

There were no individual stars on the Rushville team. Every man played teeth and toe nail until the end. They deserve much credit for keeping the score from being 98 points, and they deserve more credit for making 19 points.

Milroy, it is conceded has a good team. Coach Sutton as well as the players are confident that when Milroy plays here December 22, that the score will be much different, and the fans here are also confident that the space for reserved seats for Milroy will be kept exclusive for the visitors, even though the gymnasium is overcrowded.

Connersville plays here Friday night, and have sent word for 150 tickets. They also have chartered two special cars on the I. & C. traction line for Friday night. The high school band will again be on hand.

Stewart, the active forward for Milroy, was the star basket tosser last night, and landed seven field goals, as well as seven foul goals. D. Jones, floor guard was also in

### AMUSEMENTS

Feature at Princess 2 Days

Cecil B. DeMille's latest Paramount Artercraft production, "Why Change Your Wife?" will come to the Princess Theatre for two days commencing today. It is described as a striking drama of married life lavishly presented. Gloria Swanson and Thomas Meighan are the featured players. The story is by William DeMille.

The plot centers around Robert and Beth Gordon, married for ten years, but now beginning to drift apart. Beth was a charming girl. She has become a too wifely wife and bores her husband with her excessive solicitude for his comforts. He finds diversion in the company of vivacious pleasure-loving Sally Clark. Literal-minded Beth imagines them in love. A divorce follows, and Robert marries Sally. Too late Beth discovers why she lost her husband, and blossoming like a rose, develops into society's gayest figure. Sally, on the other hand, is transformed by marriage into a worse household drudge than Beth ever was. Robert's eyes are opened when he again sees

Beth and through a dramatic stroke of events they are brought happily together.

The picture has been produced

with all the beauty of setting, mastery of screen technique, and admirable attention to detail that was characteristic of Cecil B. DeMille

in "Male and Female" and his other cinema classics. Sada Cowan and Olga Printzlau furnished the scenery.

### MILROY WINS IN LAST SEVEN MINUTES

Continued from Page One  
the limelight and made three field goals.

Miller for Rushville opened up the play last night with a basket from the middle of the floor. L. Headlee and Eakins each found it three times, while E. Headlee was watched closely and could not have a chance except on long shots. He made one goal under the basket. Had it not been for Frazee, the back guard, the score would have climbed higher, but all floors, whether cement or wood, look alike to him, and no man was ever too tall.

The game was not rough, nor fast. It was mostly a case of handing the ball from one player to the other, with a wrestling match in between.

The Old Story Repeated

School children are taught the history of Thanksgiving Day—how it is traced back to the Pilgrim Fathers. Each year they get that lesson from the teachers' lips, but it is doubtful if the average person were put to a test, they could not give in detail the links in the historic story on which our celebration is founded. Days were set apart for religious thanksgiving throughout Europe before the Reformation, but

they had little connection with our own Thanksgiving, historians tell us.

Shortly after the landing of the Pilgrims, while searching for a suitable place in which to build their homes, they one day came upon some deserted Indian huts, in which they found some baskets filled with corn. From this supply they succeeded in saving enough to plant their first year's crop.

In the spring of 1621 the seed corn was sown and its growing watched anxiously by the people of the little colony. To their great joy, the harvest of the following October was a bountiful one. Governor Bradford ordered a three days' feast in celebration thereof. Wild turkeys, geese, ducks and water fowl, corn bread and vegetables no doubt formed the chief constituents of their feast, not to speak of the five deer brought in by a tribe of friendly Indians.

This festival is supposed to be the first real Thanksgiving day from which we date our celebration. This celebration, although without doubt the origin of our national Thanksgiving day, may be looked upon as merely a local observance, being held by the Plymouth colony only. They were the forerunners of less local celebrations in Massachusetts and gradually in other colonies, for in 1630 a public Thanksgiving day

During the next fifty years there were as many as 22 public Thanksgiving days appointed in Massachusetts, usually in October or November, after the gathering in of the harvests, or to celebrate some public benefit. It did not become a regular holiday until a long time afterward.

In 1789 Washington issued the famous Thanksgiving proclamation recommending Thursday, November 25, as a national day to be devoted to prayer and Thanksgiving. Washington's example was followed by other Presidents.

In 1863 President Lincoln appointed the fourth Thursday in November as the national Thanksgiving day. Since then the day has been observed annually without interruption.

New York is said to have spent three million dollars on its Thanksgiving dinner this year, a large portion of the increase being due to the expense of contraband booze.

One of the interesting features of the election was the evident disinclination of women to vote to put women into important offices.

If we should count our blessings every day, then every day would be Thanksgiving Day.

## For Over Seven Years

Back in the early part of 1913 this business was organized and started in a small frame building. Then came a move into larger quarters on account of increased patronage.

### TODAY

We occupy our own plant. It is the third place we have occupied since our organization. Our patronage speaks for itself. Year after year we have expanded and added new equipment, which makes our plant today one of the finest in the state

### WE INVITE INSPECTION

Come, see for yourself, the different departments in operation. Work is taken care of in Rushville, and is not trusted to some cleaner in an out of town plant. Because of the trust people have placed in us, is only one reason why our plant has so successfully existed under the same management for over seven years.

This plant is the only plant in Rush County that is entitled to the name of "Master Cleaners."

Indianapolis, Nov. 25.—With only a few Thanksgiving day football games remaining on the schedules of the Indiana college teams, the curtain is about to ring down on the most successful year of the gridiron sport in the Hoosier state. Football fan in all parts of Indiana are turning their attention to the All-State possibilities and critics are wondering how many "mistakes" they will make naming an All-Indiana eleven.

Many football critics never name a player for an all-state place in a position that he does not really play and therefore, many times, the best possible all-state team is not

## What Happens in the Dark?

The farmer receives on an average only about one-third of what the consumer pays for meats, grains, fruits, wool, vegetables and cotton. Somewhere between producer and consumer an enormous toll is added to the cost of farm-grown necessities.

The city consumer, not seeing the profit-taking along the road to him, blames the farmer for high prices. The local farmer, not knowing just what does happen in the dark, is at the mercy of the system. To turn on the light is one purpose of

### THE FARM-BUREAU MOVEMENT

Your local farm bureau is an important link in the great American Farm Bureau Federation which is fighting the farmer's market battles for him. The Federation has no quarrel with honest middlemen or efficient merchants, but it does have with the gouging in-betweens, speculators and gamblers.

The Federation is demanding that the Government hasten to furnish official figures on the cost of producing farm crops so that the public may know and attention be focused on what happens in the dark.

Many other big, constructive plans that you are too busy to attend to are being pushed for you by the Federation, and THE COUNTRY GENTLEMAN urges you not to remain neutral

but to join your local farm bureau, if you are not already a member, and to help fight your own battles.

Out of wide national experience THE COUNTRY GENTLEMAN advises this. Its editors and contributors travel 300,000 miles a year to study your problems and to put its shoulder to every good movement in your interest.

If you are not a neutral farmer we would like to count you among our subscribers. Send us \$1.00 for a yearly subscription and we will mail you fifty-two big issues crammed with farm news, courage, smiles, many proven helps and well-tried plans, strong cartoons, good pictures, bully fiction—a total of 3000 pages of help and hope, of national service to farmers. It's always safe to give a pretty waist—no girl has ever too many. Elegant combs enhance evening coiffures, while a strand of beads, carved and colorful brighten any frock, and a leather bag or a velvet one is what every girl needs to ward off the perils of an incomplete dress attire.

Useful gifts are very popular this year, for from the standpoint of economy it is only logical that many of the Xmas gifts which women choose for personal use should make very acceptable gifts.

selected. The writer in choosing an all-state team looks over the affiliates on every college eleven in the state, sees them in action, talks to the coaches, players, officials and followers of the game, and then selected the all-state team, just as he would if all the college players were on one football field and the writer was a coach picking his men to enter a game.

To be sure there will be some men in guard positions crowded onto the second team when tackles are placed in the guard position of the all-state selection, but then it must be remembered that the effort is to name the best all around football team combined from the players of the various colleges.

Ted Ogden, captain at DePauw university, stood out as the greatest center of the season. He is a man with real football brains. Ogden matched against Weaver, the Centre College (Ky.) man, named by Walter Camp as the All-American Center last year, outplayed Weaver.

The other members of the two mythical elevens listed above were chosen purely on the grounds of their ability to play football. This selection does not group any or all of these players together, in one team, but it comprises the best team that could be taken from all the Indiana college elevens to constitute a state championship group.

## ELLIS CASE GOES TO THE JURY TODAY

**Knightstown Man Tried For Manslaughter Will Know His Fate in a Short Time**

**KILLED WILLIAM HART, JR.**

**State Uses Six Witnesses During Trial, One of Them Being Ruled Out Due to Age**

The fate of Frank Ellis, Knightstown man, who has been on trial this week in the Henry circuit court charged with manslaughter, was given over to the jury at ten minutes until twelve today, and after lunch the jury began at one o'clock to ballot.

The state and defense finished up early yesterday afternoon and the state then offered several witnesses in rebuttal to the defense's testimony.

The arguments began late yesterday and continued this morning with the court instructing the jury. Ellis was being tried for killing William Hart, Jr., age 19 years, a few weeks ago near Knightstown. The two men got into a controversy and Ellis killed Hart by striking him in the head with a club.

The state used six witnesses. The testimony of Paul Hart, grandson of Mrs. William Hart, Sr., was ruled out, when it was found that he was too young to testify. The boy and his grandmother were among the eye witnesses to the killing.

The defense offered character witnesses and three witnesses were also introduced to show that Mrs. Hart's reputation for truth and veracity was not good. They were George Parker, Ora McShirley and Emory Cox. Cecil McNew, who had stopped and talked to George Jackson shortly before the controversy occurred, was the first witness for the defense.

Ernest Bradway, town marshal of Knightstown, testified that he learned of the death of the Hart boy when he went to arrest William Hart Sr., on a warrant sworn out by Ellis. The arrest was to be made for the purpose of keeping the peace. George Jackson testified that William Hart, Sr., had arrived on the scene of the struggle shortly after his son had been struck, and had with him a shot gun. He asked where Ellis had gone, Jackson stated.

Mrs. Hart and her grandson were the only witnesses who disagreed with the story of the controversy as told by Ellis, Bell and Jackson.

Prior to being ruled out as a witness, her grandson, who was also present, agreed with her version of the incident.

## LOUIS GEPHART RELEASED

**Clark Royster, However, Remains in Jail Under \$1000 Bond**

Louis Gephart was released from jail this morning on permission of Prosecutor Stevens, when Lorraine Kennedy, the prosecuting witness in the case against him, consented to a marriage. The case was filed yesterday in Squire Stech' court and Gephart was arrested in Shelbyville and brought here.

Clark Royster, merchant of Columbia, Fayette county, was still in jail today, having failed to provide the \$1,000 bond under which he was placed by Judge Sparks, after he had entered a plea of not guilty to the charge of embezzlement yesterday morning.

## DEFECTIVE FLUE BLAMED

**Fire Department Called to 432 Cottage Avenue Today**

The fire department answered a call shortly before noon today to a house at 432 Cottage Ave., occupied by George Waite. A defective flue had caused the roof to blaze around the chimney, but the fire was extinguished with a loss probably not amounting to more than \$10. The dwelling is owned by Mrs. Mary Shropshire of East Third street, and the loss is fully covered by insurance. The household goods were not damaged. The alarm was telephoned into the headquarters.

## HIGH SCHOOL BAND TO ACCOMPANY TEAM

**Rushville is Going to Milroy Tonight "Loaded"—Seats Held For Local Delegation**

**CURTAIN RAISER CANCELLED**

The Rushville high school basketball team, with 200 rooters and the newly organized high school band, will invade Milroy tonight and expects to come home winners over the high school team of that place. The band will add "pep" to the Rushville gang and a parade will be one of the features of the affair.

Rushville has not forgotten the defeat that Milroy handed them here twice last year, and if they succeed in winning tonight, it will be the first defeat on the Milroy floor for the home team in several years.

Both teams are equally as confident of winning tonight. Milroy will use their entire string of players on the reserve list and the game with the second teams of the two schools has been cancelled, making only the one big game on the floor tonight. This game will be called at eight o'clock, according to Coach McCullough of Milroy, and the doors will not open until seven o'clock. Accommodations for 175 to 200 Rushville people will be held, on account of the small capacity of the gymnasium.

## OWNS 30 MILLIGRAMS OF PRECIOUS MINERAL

**Dr. A. M. Kirkpatrick, Son of Rushville Man, Uses Radium in The Treatment of Cancer**

**LIVES IN COLUMBUS, IND.**

Dr. A. M. Kirkpatrick, a former resident of Rushville, and the son of Jesse Kirkpatrick, 832 North Willow Street, a physician now and for many years of Columbus, Ind., is among the few people in Indiana that has a collection of radium, and what little he has, is valued at \$3,300. The following from the Ledger of that city will be of interest here:

"Probably few of the 12,000 persons living in this city realize that Columbus can boast of one man, a member of the medical profession, who own two pieces of radium. The two pieces represent a total weight of 30 milligrams, and the aggregate cost was \$3,200, although it is estimated that at present prices this amount of the precious mineral would retail at a figure much higher than that given.

"The physician is Dr. A. M. Kirkpatrick, Saturday afternoon he received his second piece of radium which weighs 20 milligrams, and which cost \$2,200. Dr. Kirkpatrick who is the only physician between Indianapolis and Louisville, who owns a quantity of the priceless mineral, uses it in the treatment of cancer, goitre and tumors.

"Dr. Kirkpatrick is a firm believer in the healing power of radium. He declares that at the present time he is treating a large number of cancer cases, and several cases have been cured, while others are rapidly being cured."

## WOULD ADMIT TWO FORMER ENEMIES

**League Commission Favors Allowing Bulgaria and Austria to Become Members**

**DENIES OTHERS ADMITTANCE**

**Excuse is Their Governments Are Not Stabilized—Demand For German Disarmament**

(By United Press)

Geneva, Switzerland, Nov. 24.—Immediate admission of Austria and Bulgaria was recommended to the league of the nations assembly today by the commission on membership.

The commission reached favorable decision on the former enemies of the world but withheld recommendations for a number of smaller states until the conditions were stabilized and the recognition was accorded by nearby states.

Those states favored in today's report were Austria, Bulgaria, Finland, Albania and Luxemburg.

Speaking before the commission Leon Bourgeois declared France can not disarm until Germany is compelled to fulfill all conditions of the treaty.

Germany, he declared, has begun disarmament but has not yet completed it. Germany has forced her way into the league of nations discussion, he said. The whole German situation will be brought up Thursday, including Germany's protest against the distribution of her colonies, for discussion.

E. D. Millen, Australian, in an interview today, declared that it was necessary to call a show down on Germany's impudence.

Her impudence has been seen in the ending of a note threatening no longer to consider herself bound by the colonial clause of the treaty," he said. "Through the disagreement of the league's clause, she hoped to postpone the distributions of mandates over her colonies, until she becomes a member of the league."

## DUBLIN ENCOUNTERS ARE STILL FREQUENT

**Troops and Sinn Feiners Continue Street Fights and Shooting is Being Increased**

**TWO CASUALTIES REPORTED**

(By United Press)

Dublin, Ireland, Nov. 23.—Frequent encounters between troops and bands of Sinn Feiners occurred in the streets of Dublin during the night. The sound of shooting has increased. So far there has only been two casualties reported. Two Sinn Feiners were killed after an attack on fifty military troops, it was said today.

A sentry shot them down. Three were arrested Saturday night and imprisoned in the guard house. Yesterday two of them threw hand grenades at the sentry but they failed to explode. The third grabbed a rifle the sentry had dropped and raised it to his shoulder when the sentry shot him.

Military raids have been conducted throughout the city today. A number of arrests have been made. Dublin was cut off from the rest of the world. Somewhere in the city 200 Sinn Feiners who assassinated fourteen British officials are in hiding.

At this conferences a working program will be mapped out if possible for concentrated action between the senate and farmer and live stock men of the states regardless of party interests.

## 'STUNT' PROGRAM NETS SCHOOL \$138

**Entertainment For Benefit of New Band Tuesday Night is Attended by Large Crowd**

**LOCAL HITS PLEASE PEOPLE**

**Exceedingly Clever and Original Stunts Reflect Credit on Performers and Trainers**

"High School Stunts," an entertainment by the Rushville high school for the benefit of the high school band, was given at the Graham Annex Auditorium last night to a large house. The "show" was a real one, showing exceedingly clever and original stunts. On every hand were expressions of praise for the directors and performers.

The entertainment netted approximately \$138 which will be used in equipping the new band.

The first part of the show was called Vinegar's Vaudeville Agency conducted by Valentine Vinegar (Margaret Fischer) Valentine's daughter. This agency had "try-outs" for the would-be performers on the stage. First to appear for places on Keith's Circuit were, Rastus, a Porter (Paul M. Spivey) Eph, the Janitor, (Wm. Pugh) and George Washington, Elevator Man, (Wallace Beer). After cracking some delightfully pleasant jokes, George Washington, performs with great gusto and sweetness on the saxophone.

Wm. Pugh as "Eph" showed that he is the son and successor of Rushville's renowned entertainer Jess Pugh by singing with melody a vocal solo. Paul M. Spivey as Rastus gave a whistling solo which was one of the fine hits of the evening displaying a remarkable ability as a whistling soloist. Two hearty encores showed how well pleased the audience was with the whistler.

The next applicant for a position was Beatrice Bang (Benda Kinsinger) who played so exceedingly correct the most difficult classical numbers on the piano that she was immediately hired by Valentine Vinegar.

Tootsie (Reba Beale) as a child elocutionist rivalled Alice Schrode in her child dialect. Gona Sing (Maedalen Arbuckle) won a place on the list of "talent" by singing in a sweet lyric voice a charming selection. She responded with the popular music box song "A Young Man's Fancy" and was well rewarded by being engaged at once.

Jazzie Raag (Lillian Priest) gave one of the clever hits by playing in "seven different languages" a well known selection. Her work was original and captivated the managed of the agency.

The Scotch Laddies—Carroll Nipp, Horace Pearsey, Orlestus Grunden, and John Davis, dressed in appropriate Scotch costumes rendered some excellent numbers which were such that displayed a male quartet of no mean ability. The Scotch Lassies—Martha Fanning, Rowena Kennedy, Laura Jordan, Florence Flechart and Helen Gray in their pretty costumes executed the Highland Fling in a most artistic manner. The Scotch Troupe was given a high rating by the manager and also by the audience who heard them.

The Chorus Girls (?) Harold Miller, Charles Priest, William Sparks, Mervin Alexander and Floyd Roth gave a burlesque that was cleverly done and highly appreciated. Prof. Fiddleski (Emerson Headlee) charmed the audience by his violin that played without any effort (?) on his part. The eight nuts, dressed to suit their names were a scream. They were, "Golduh Stubbins" (Magdalen Arbuckle) "Toots" (Lillian Priest), "Tawney Apple" (Mildred Norris), "Sis Hopkins" (Margaret Britt) "Larry Lemon" (John Davis), "The Prisoner" (Howard Eakins) "Boob McNutt" (Orlestus Grunden) "Charlie Chaplin" (Carroll Nipp).

Orlando Overtone (Horace Pearsey) as Snoops the lawyer gave a clever song and monologue.

Hon. I Will Paine You (Eugene Kelley) gave a sample of the won-

### AMUSEMENTS

#### Shows Greenwich Village Life

Greenwich Village life as it really exists is the background for "A Woman Who Understood", with Bessie Barriscale in the leading role, which is at the Mystic today. Madge Graham opens a tea room in the "village" to help support herself while pursuing her study of sculpturing. She becomes attached to a young musician in the neighborhood, whose life she saved, and they finally engage in a "village marriage". Two babies come to the home and the husband grows neglectful, apparently having become interested in a wealthy pupil named Mrs. Alden.

The latter is a selfish, narrow-visioned woman, bored with her very worthy husband, and seeking "someone who understands her". Such a man she thinks she has found in the young musician, or at least so she tells him. But in the big crisis when he sorely needs the devotion and sacrifice of a woman she does not rise to the occasion. It is the wife who gloriously proves herself.

Iron in Syrup form is more readily digested and assimilated than Iron Pills or Iron Tablets, and naturally you get quicker results. The Iron in GROVE'S IRON TONIC SYRUP is digested as soon as it is swallowed and, therefore, is promptly assimilated. You can soon feel its strengthening, invigorating effect.

The Syrup is flavored, and children love to take it. Contains no Nux-vomica or other poisonous drugs, therefore, it can be given to The Babe, The Child, The Mother or The Grand-mother with perfect safety. 75c.

#### Carry Thanksgiving Cheer.

Carry a little Thanksgiving cheer in to some home less fortunate than your own between now and Thanksgiving. Besides the circle of relatives and intimate friends who are to be your guests on Thanksgiving, invite some lonely girl, too far from home to think of returning to the family festival. Make a happy Thanksgiving for others and you will not lack gladness.

#### Oblong Trees.

In the school of forestry, at Cambridge, there exists a wonderful specimen of an oblong tree. The trunk is about 30 by 2 inches. Its curious shape is due to no more than a little bruise or two which persuaded it to grow in one direction and not at all in any other. Other discoveries and experiments prove that an artistic bruise—it may be no more violent than strong pressure with the finger tips—can make a tree expand in a desired direction.

### "STUNT" PROGRAM

#### NETS SCHOOL \$138

Continued from Page One  
derful lecture which he has prepared for the American platform. His remarks were original and full of local hits.

Tommy Green (Lavienna Compton) as a little boy gave a splendid reading and retained her high rank as a monologue entertainer.

The Pierette Sextette—Mildred Snider, Dorothy Wheeler, Katherine Blount, Marian Lucas, Margaret Giffin, Mildred Dungan—in their Pierette costumes of ruffs, hats and rosettes, gave a pretty exhibition of fancy dances and songs.

Part II—"The Fairy and the Witch," was a beautiful pantomime of the good and bad fairies and the overcoming of the bad fairies by the good fairies. The cast was as follows:

The Witch (Alice Montgomery), The Fairy (Frances Payne), Fairies—(Katherine Blount, Marian Kinsinger, Dorothy Wheeler, Katherine Haydon, Jean Harkless, Mildred Retherford), Gnomes (Wilbur Wolter, Arthur Walker).

In part III the R. H. S. Band was a surprise and a delight to everyone. Principal A. M. Taylor as organizer and leader has developed in a remarkably short time a band that played a number of popular pieces in a fine manner. The members of the band are as follows:

A. M. Taylor, M. E. Cook, Horace Pearsey, Robert Gantner, Wayne Newman, Fred Lucas, Wade Dill, John Kelley and Wallace Beer.

The fund raised by this entertainment will be used to complete payment on some of the instruments and to buy two or three more. A band for a high school is an organization that will give splendid training for the members, and enthrall the caste accompanied by the band made a school stunt that was universally liked and complimented.

### STOP-ITCHING ECZEMA

Penetrating, Antiseptic Zemo  
Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo. Furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy, salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.  
• The E. W. Ross Co., Cleveland, O. 5

Prof. Taylor is to be complimented on the organization of the Band. The Booster Club of the R. H. S. should be appreciated for the fact that they used the funds they had on hands for the band and that they suggested the entertainment for further funds.

Mrs. Mary M. Glessner was general manager of the entertainment and joint author with Miss Vivian Harris of the minstrel show. Miss Grace Whitset was responsible for the arrangement and training of

the Scotch part of the program. Mrs. Laverne Davis Farthing besides being financial manager and business manager trained and costumed the Eight Nuts. Miss Harris arranged and trained the Fairies.

The whole school was united in the affair and the satisfaction that comes from a performance well done and successful has only added another laurel to the Rushville High School, for the show displayed that the school possesses remarkable talent in many lines.

**Rag Dolls**

Every Christmas the rag doll makes its appearance. There are rag dolls of high and low degree. Two high-class little persons are shown in the picture. These are made of heavy domestic cut by a paper pattern which can be bought. Their faces are painted with water colors, their hair made of yarn, and they are completely dressed with clothes that afford the joy of taking them off and putting them on. Even their slippers may be made of black oil cloth. One of these baby dolls is supposed to be a boy and he has a pair of rompers instead of a dress under his coat.

**A NASTY COLD EASED AT ONCE**

“Pape's Cold Compound” then breaks up a cold in a few hours

Don't stay stuffed-up! Quit blowing and snuffing! A dose of “Pape's Cold Compound” taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery. The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. “Pape's Cold Compound” is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

**Spiritualism Among Savages.**  
The original exponents of spiritualism are found among the tribes living about the headwaters of the Amazon. These people take no important steps in any direction without consulting the spirits through a medium who is held in reverence and fear by the other members of the tribe. Their ceremonies are very elaborate and are always conducted at night by the light of a fire.

**A Room Filled With Books.**  
Books are delightful society. If you go into a room filled with books—even without taking them down from their shelves, they seem to speak to you, seem to welcome you, seem to tell you that they have something inside their covers that will be good for you, and that they are willing and desirous to impart to you. Value them, and endeavor to turn them to account.—W. E. Gladstone.

### The Natural Consequence

When the people of the United States took advantage of the war situation to go into the profiteering game they neglected to take one all-important precaution.

They failed to look beyond the golden hue of their own noses.

As a result of this profiteering craze the cost of everything we produce is sky high, because all labor and materials used have been boosted to the limit of boostibility.

Here is the aftermath.

American manufacturers want to ship their goods abroad, but they find the foreign markets in many

cases practically closed to them, because foreign made goods are sold for less than we can make them.

Thus we are deprived of much of our foreign trade, and factories are discharging thousands of their employees. Some are shutting down entirely.

Then again, American manufacturers are up against the dumping of foreign made goods into this country for less than we can produce them here. If this condition prevails in future to any considerable extent more millions will be walking the streets in search of employment.

So much for our era of assinine profiteering and price boosting.

But when we listen to the piper we must expect to pay for his music.

England is importing raw materials from the United States and is selling finished products in Europe at prices below those of this country, thus building up a solid foundation for the future trade of that section of the world.

This fact alone shows the imperative necessity for a readjustment of price conditions in all of our manufactures and trade.

High prices and empty stomachs are not a condition to be greatly desired.

The people of the United States apparently realized what might be expected with the continuation of the government free trade policy, and turned to Warren G. Harding and the republican party which has always stood for a protective tariff that prevents the very condition which would overwhelm this country if it were not for the fact that after March 4, the United States will return to the policy which has been the foundation stone of the republican party and has been the chief line of demarkation between the two leading parties.

It was fortunate that the voters had the good judgment to vote for a party which believes in a safe protective policy because it is the only cure for the conditions which are bound to arise after the war, with a free trade policy in force.

If we could only look ahead and see the trials and tribulations in store for us we might be able to shunt them off onto the other fellow, but that would not be treating the other fellow right.

It's no trouble at all to earn a hundred percent on an investment.

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.

Just bite off a subscription to this sheet and the deed is done.

We, however, never laugh at some people's jokes. But that is not our fault.

An old man with a young wife is often like a kid with a toy balloon. He's happy until it blows away.

No, we have no humor to dispense on the subject of high prices this week. It evaporates every time we pay a bill.

Where's that bird who was around predicting an early winter? We want to congratulate him on what he doesn't know.

Some people are never able to see the beam in their own eyes. But that probably is due to the fact that it obscures the sight.

Occasionally we hear some pilgrim remark that he always believes in taking a second sober thought. His first ones, no doubt, are woozy.

TELLING IT TO THE  
JUDGE IS OFTEN FUNNY  
\*\*\*\*\*

His Honor hears many sad tales of woe in court but now and then some humor "springs up" to relieve the monotony of serious routine. Such occasional outbursts of funny comment attract smiles even from those people who have to "tell it to the judge." In theatres throughout our United States, audiences have enthused over the witty wordings about judges and their cases presented on the motion picture screen in "Topics of the Day" films. The following pungent paragraphs are offered herewith.

"Well, well, that's a frightful case. What made you marry 14 wives?" asked the judge. "Well, your honor, I didn't like the number 13."

## Badly Fitted Glasses are Useless

Even though the lenses may be exactly made for your defect of vision, the effect is spoiled if the frames are badly fitted.

A badly fitted bridge causes the lenses to be away from their correct position, with the result that vision is distorted. Also glasses of wrong width between the center of the lenses causes distorted vision.

We are very careful and accurate with our measurements. Also after the frame is made it is checked and counter-checked—and that is why we can guarantee a perfect fitting.

PITT AND PENN STATE  
TO PLAY THANKSGIVING

To Clash Not Only For Championship of Pennsylvania But Title of Eastern Champion

BETTING ODDS ABOUT EVEN

Pittsburgh, Nov. 24—When Penn State and Pitt clash tomorrow, they will be playing not only for the football championship of Pennsylvania, but the winner will claim the title of eastern champion. Penn State has been claiming the honor for the past fortnight and judging by comparative scores, Pitt shapes up as a logical contender for the same laurels.

Already the hotels are jammed with football enthusiasts, here for the big game. Nearly all of Forbes Field's 30,000 seats are sold and "SRO" will be at a premium when the teams line up for the kick-off.

With teamwork perfect, it looks like individual stars may decide the result. Remembering Tom Davies' sensational 90-yard dash from kick-off in the Pitt-Penn game, State's watchword will be "Look out for Davies," while Pop Warner has drilled Pitt to "clear the way for Tommy." With Harman at left tackle and quarterback Tommy Holeran in the game Pitt's offensive should be at its best.

Penn State's stars will be watched closely for the feared State forward passes and brilliant runs. Hugo Bezdek's boys have a disconcerting way of pulling off long un that keeps their opponents taut

every minute of play—witness right halfback Charlie Way's 57 yards against Nebraska and left halfback Haines 80 yards in the Penn game. Captain Hess at right guard and Killinger at quarter are the respective pivots of a stellar defense and offense. Betting odds are about even all conceding a close score.

COME FROM BEHIND AND WIN

Carthage Independents Defeat Fairview Tuesday Night, 19 to 13

The Carthage independent basketball team defeated Fairview Tuesday night at Fairview, 19 to 13, coming from behind during the last few minutes of play with a wonderful burst of speed and caging several field goals. The game was exceptionally rough, neither side scoring during the first ten minutes, and score at the end of the half was only 5 to 2 in favor of Fairview.

D. Winslow and Merea were at forward positions for Carthage, Chambers at center and Alexander and Coffin played guards. Carthage plays Spiceland at Spiceland Monday night and the local independents here Dec. 7.

INDIANA IS INVITED

Purpose is to Emphasize Importance of Education From Standpoint of Statesmanship

Washington, Nov. 24—The citizens' regional conference on Education, for the States of Illinois, Indiana, Ohio, Michigan and Wisconsin, will hold its opening session, Monday, November 29, at the La Salle hotel, Chicago, Ill. The purpose of the conference, which is the first in a series of twelve regional conferences to be held throughout the United States, is to emphasize the importance of education from the standpoint of statesmanship and the public welfare, and from the standpoint of the citizens who own, support, and use the schools rather than from that of the teachers who work out plans of organization and methods of instruction.

Morning, afternoon and evening sessions will be held. The first thirty minutes of the morning session will be devoted to a statement of contemplated legislation in each of the States of the conference group. Six minutes will be assigned to each state, Francis G. Blair, State Superintendent of Public Instruction of Illinois; L. W. Hines, States Superintendent of Public Instruction of Indiana; Thomas E. Johnson, State Superintendent of Public Instruction of Michigan; Vernon M. Riegel, State Superintendent of Public Instruction of Ohio, and C. P. Cary, State Superintendent of Public Instruction of Wisconsin, have been invited to speak on the most important piece of legislation contemplated in their respective states.

Governor Lowden has been asked to extend a welcome to the conference. Invitations to attend the conference and take part in its sessions have been extended to the governors of Ohio, Indiana, Michigan, and Wisconsin.

The sessions of the conference will be in the nature of round table discussions. Among the topics scheduled are:—The relation of education to the success of the business man; the relation of education to the improvement of agriculture; the more vital needs of city schools in the States of the conference group; the city's interest in the education of people in rural communities; what chambers of commerce and other civic bodies may do to promote education and to assist in securing better support for schools; the relation of education to agricultural program and production; the problem of larger State aid for education, and the reason for it, with special application to the States included in the conference; the newer demands upon colleges and universities, and the need for larger appropriations; the particular needs of the private denominational and endowed institutions; the relation of education to industry and commerce

The engagement of Miss Margaret Walters of Clarksburg and Harry J. Hackman of Dayton, Ohio, formerly of this city has been announced and the wedding will take place Saturday morning at nine o'clock at the St. Mary's Catholic church in Greensburg. Following the ceremony Saturday a wedding breakfast will be served at the bride's home in Clarksburg. The bride-elect is the daughter of Mrs. Martha Walters of Clarksburg, a graduate of the Clarksburg high school and since her graduation has assisted her mother who has charge of the telephone exchange at Clarksburg. Mr. Hackman is the son of Mr. and Mrs. Harry G. Hackman, former residents of this city, who before their removal to Dayton, Ohio about three years ago, were proprietors of the Beehive Clothing store here.

A pretty home wedding was solemnized this afternoon at two o'clock at the home of Mrs. R. W. Cox in North Morgan street, when her daughter, Miss Marjory Cox, was united in marriage to Clifford Gottman of this city. The ceremony was marked by its simplicity and only the immediate relatives were present to witness the wedding. The Rev. Clyde S. Black, pastor of the St. Paul's M. E. church, officiated.

The bridal couple left this afternoon for Cincinnati on a wedding trip after which they will be at home to their many friends in this city. The bridegroom is employed in the office of the Charles E. ### KEEP THE NECK YOUNG

AGE shows itself in so many places, that the woman who seeks to keep young in spite of increasing years, must do more than massage her face, to preserve her youthful appearance. She must keep her neck young, as well as her face, for a flabby-lined throat will give away all the years the well-cared-for face might hide.

And here massage is excellent, provided it is gently given. The neck should be massaged with flesh-building cream, for as age comes on, the supply of natural oils diminishes in the glands beneath the surface of the skin. This means a drying of the skin, a weakening of the muscles, inasmuch as these oils have been continuously repairing the natural breaking down of all fleshy matter. The cream will help to take the place of these oils.

The neck is stroked crosswise, in front, with the tips of the four fingers of each hand. The left hand

Exercise and Massage Will Keep the Neck Youthful.

starts under the right ear, the right hand under the left ear, the strokes alternating. The fingers naturally leave the neck after they have passed the wind-pipe. Then the fingers are started at the top of the shoulders, and run upwards to the hair and to the ear. Front again, the tips of the

fingers start at the chin and press downwards to the chest, cross and smooth the lines that run about the throat. Superfluous cream is wiped off, and a piece of ice is rubbed all over the throat, to close the pores upon the cream and to strengthen the muscles. This also helps prevent sore throat.

## DON'T FUSS WITH MUSTARD PLASTERS!

### Musterole Works Without the Blister—Easier, Quicker

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

## INDIANA BUSINESS MAN NOW PRAISES TANLAC

### Jos. Kennedy Says It Freed Him of Rheumatism And Stomach Trouble After Everything Else Had Failed.

"I believe in giving everything its due and I want to say right now that I just can't praise Tanlac too highly for what it has done for me," said Joseph F. Kennedy, the well known cigar dealer of 664 North Center street, Terre Haute, Ind.

"For the past three years I hardly had a well day on account of my stomach, kidneys and rheumatism. My food just seemed to lodge right in the pit of my stomach and remain there like a lump of lead. I would bloat terribly and have pains that fairly doubled me up.

"My kidneys bothered me nearly all the time and my back pained me so it was an effort for me to bend over and straighten up. My head ached fearfully and if I stooped over I got dizzy and faint.

"I also suffered with rheumatism in my arms and legs so bad I could not even wait on my customers or look after the store. At times I couldn't even put on my overcoat. I had tried nearly everything but got no results, and my prospects of getting rid of my troubles were not very bright.

"But one day I read a statement from a man who had been relieved of troubles like mine by taking Tanlac, so I immediately bought a bottle and I finished taking it feeling considerably improved.

"I have taken five bottles of Tanlac now and my stomach is in such splendid condition that I can eat just anything and never feel a touch of indigestion. The pains have all disappeared from my back and my kidneys no longer bother me.

"My business is a pleasure to me now, for I am no longer troubled with headaches, dizziness or rheumatism. In fact, my improvement has been so marked that many of my friends have asked me what has brought about the change, and I don't hesitate to tell them that it's all due to Tanlac."

Tanlac is sold in Rushville by F. B. Johnson-Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

### COAL COMMISSION MAY BE ABOLISHED

It is Not Thought Likely That Legislature Will Retain Coal and Food Administration

#### WAS EMERGENCY BUREAU

Indianapolis, Ind. Nov. 24—The life of the Indiana experiment in state control of prices and distribution of coal is not expected to be prolonged by the regular session of the legislature after March 31.

Friends of the special coal and food commission indicated today that no effort will be made to have the legislature, which meets in January, to continue in effect the coal law.

Governor-elect Warren T. McCray said that he will not make any recommendations as to what action the legislature should take on the coal law.

The law, which created the special commission, provides that the law shall pass out of existence March 31 unless it be continued by action of the special legislature.

## Amusements

### "His Honor Abe Potash" at Murat

A. H. Woods will present at the Shubert-Murat Theatre Indianapolis, for one week commencing November 29th, the well known Barney Barnard in the latest comedy success, "His Honor Abe Potash".

It is by those well known authors Montague Glass and Jules Eckert Goodman, who were likewise responsible for the three former successes, "Potash and Purlmutter," "Potash and Purlmutter" in Society, and "Business Before Pleasure".

The fourth play in the quartet, as such it may be called, dispenses with the jovial Perlmutter, and its predecessors, having led the shrewd of the cloak and suit trade, and the Jewish merchant through the mazes of movies, it is only fitting that his present vehicle should launch him in politics.

For "His Honor Abe Potash" if you please, is made Mayor of the City of Damasene, N. Y. by a tricky gang of politicians, but he is so honest that he foils their designs to rob the city through his connivance, even though his sons seem to be a thief, and is only freed from suspicion through his father's knowledge of the rubber stamp business, it being made plain early in the play that his start in the business life of Damasene, was as a rubber stamp peddler.

Mr. Barnard first became popular with comedy lovers in the play "Potash and Purlmutter" which was written by the same authors.

### Bebe Daniel at the Princess

The potency of fine raiment in the marriage campaign is the main theme of the amusing comedy, "You Never Can Tell", which comes to the Princess Theatre in this city today. Miss Bebe Daniels, already well known to screen followers, is the star of the piece, this being her first stellar effort for Reelart. She has the role of a poor but pretty check-room girl in a fashionable New York hotel, where she is constantly handling the gorgeous wraps of more fortunate, though often less beautiful women. Secret tryings-on of some of the fine apparel left in her charge convince her that fine feathers would make her as fine a bird as any of the wealthy patrons of the hostelry. She decides that she must get herself some smart clothes at any cost and through their agency make a rich marriage for herself.

Fortune seems to smile on her mercenary plan, for she is noticed by a French costumer who comes to give a fashion show at the hotel and hires her for one of his mannequins. Then, for one brief hour, the humble little worker struts and prances in gorgeous gowns and wraps galore. Only one little hour is hers, but what she accomplishes in the conquest line in that space, puts Cinderella's achievement quite in the shade, for it is recorded that the lady of the fairy tale captured the heart of only one prince, while our little check-room heroine found herself with two ardent admirers on her inexperienced hands.

### WABASH-MARQUETTE CLASH ON THURSDAY

Indiana Team Expects to Close Season With Victory Over Irish College of Wisconsin

IT WILL BE A HARD BATTLE

Indianapolis, Ind., Nov. 24—Wabash expects to put a climax on her successful 1920 season by whipping the famous Irish Catholic team from Marquette University. Marquette has been able to come away with a long end of scores in two former battles with Wabash. In 1917 Marquette took the Scarlet team to camp with a score of 21 to 0 and repeated the dose in 1919 with a tune of 13 to 0.

Although records from Milwaukee indicate that Marquette is stronger than ever this year, Coach Vaughan expects to show Indianapolis fans another Hoosier victory at Washington Park on Turkey Day.

Wabash has always been a school that starts with a mediocre team the first of the season and ends up in a championship form.

Marquette has beaten Carroll College 31 to 0, Rippon College 23 to 9, Kalamazoo College 46 to 7, Creighton University 13 to 0 and St. Louis university 49 to 14. Marquette is banking heavy on Claude-Tangler, big full back on the Catholic eleven, to raise havoc with the Wabash lines. Tangler plays in back field coupled with fine open field running and digging Langoff and Cronin would account for much ground in Marquette's favor.

Arrangements for the game are in the hands of the Wabash Alumni Board of which Will Diddle is chairman.

A reception committee composed of Indiana Marquette Alumni will

take care of the Marquette team which will arrive on a special sleeper with their band Wednesday evening.

### For Over Seven Years

Back in the early part of 1913 this business was organized and started in a small frame building. Then came a move into larger quarters on account of increased patronage.

### TODAY

We occupy our own plant. It is the third place we have occupied since our organization. Our patronage speaks for itself. Year after year we have expanded and added new equipment, which makes our plant today one of the finest in the state

### WE INVITE INSPECTION

Come, see for yourself, the different departments in operation. Work is taken care of in Rushville, and is not trusted to some cleaner in an out of town plant. Because of the trust people have placed in us, is only one reason why our plant has so successfully existed under the same management for over seven years.

This plant is the only plant in Rush County that is entitled to the name of "Master Cleaners."
